Dear Diane:

A meeting is scheduled to discuss your colloid investigations through the Interagency Agreement for February 24 and/or 24, 1992. Dr. John McCarthy from Oak Ridge National Laboratory will be at the meeting to discuss results to date and provide input to future activities. EG&G staff will also be at this meeting. If you have any possible conflicts with these dates, please let me know as soon as possible. The meeting is scheduled for Building 116 Rocky Flats conference rooms.

I will be sending you a copy of the treatability work plan for ultrafiltration/microfiltration. I will be asking for comments on this document based upon results of our colloid investigation. This document will also be a topic of discussion in our February meeting.

Also, keep me informed on progress on scanning electron microscope work. If you have any questions, please contact me at 966-7199. My telefax number is 966-4871.

Sincerely,

Detl Graco
